To the attention of the Representative of the State of Australia

I/we write to express our support for the Indigenous People of Australia in their demand for justice, for the end of genocide, the recognition of sovereignty and entering into a process of good faith negotiation towards a Treaty.

I/we wish to express our support for the deadline of March 2006 to enter into this process.

Many Aboriginal people are still facing the sharp edge of the effects of colonisation and for many, survival is the daily struggle. I/we believe that recognition and acceptance of the Black GST is the basis of real and meaningful Reconciliation. The Indigenous People of Australia are the oldest known culture on this planet and it is the responsibility of all of us to protect and respect tens of thousands of years of knowledge.

I/we request that you forward this letter on my/our behalf to the Sovereign Head of State and the Prime Minister of Australia for response.

Regards,
